PROFESSIONAL SUMMARY

Motivated Computer Science graduate (2026) specializing in Full Stack MERN Development, with working knowledge of System Design fundamentals and Data Structures & Algorithms. Experienced in building and deploying production-grade web applications using MongoDB, Express.js, React.js, and Node.js. Proficient in RESTful API design, JWT authentication, Razorpay payment integration, real-time communication with Socket.io, and Next.js SSR. Additional exposure to Python, Django, and computer vision (YOLOv8) for AI/ML applications.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Core Java, Python

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Flexbox, Grid, Responsive Design

Backend: Node.js, Express.js, Django, REST APIs, JWT Auth, bcryptjs, MVC Architecture, Socket.io, Middleware, Nodemailer

Databases: MongoDB, Mongoose ODM, MySQL

Data Structures & Algorithms: Python — Arrays, Strings, Sliding Window, Two Pointers, Linked Lists, Recursion, Sorting/Searching (LeetCode, Striver's A2Z Sheet)

System Design: Scalability, Load Balancing, Caching, Database Indexing & Sharding, Microservices, API Design — concepts and practical implementation

Payments & Storage: Razorpay Payment Gateway, Cloudinary API, Multer (File Uploads)

Tools & Platforms: Git, GitHub, VS Code, Postman, Render, Vercel, Linux, Agile/Scrum

AI/ML & Computer Vision: Python, Django, YOLOv8, OpenCV, NumPy, Pandas, Matplotlib, Computer Vision

PROJECTS

NatuKodi – Country Chicken Farm E-Commerce

Jan – Jul 2026

MongoDB, Express.js, React.js, Node.js, Razorpay | [Live Demo](#)

- Built a production-deployed full stack MERN e-commerce platform with Razorpay payment integration, OTP-based forgot password via Nodemailer, and Cloudinary image uploads
- Implemented role-based access control, weight-based dynamic pricing, delivery slot booking, and real-time order tracking with 20+ REST API endpoints
- Built admin dashboard for products/orders/inventory; deployed backend on Render and frontend on Vercel with MongoDB Atlas

Chatty – Real-Time Messaging App

Jul – Aug 2025

MongoDB, Express.js, React.js, Node.js, Socket.io | [Live Demo](#)

- Built a production-deployed MERN messaging app with JWT authentication, bcryptjs password hashing, protected route middleware, and Cloudinary profile uploads
- Implemented real-time bi-directional messaging via Socket.io (WebSockets); managed MongoDB/Mongoose schemas for users, messages, and conversations

BitLinks – URL Shortener

Jun 2025

Next.js, Tailwind CSS, MongoDB, REST API | [GitHub](#)

- Built a full stack URL shortening app using Next.js App Router with REST API endpoints; leveraged SSR for fast page loads and SEO optimization

Animal Species Detection – YOLOv8

Nov 2024 – Apr 2025

Django, YOLOv8, OpenCV, Python | [GitHub](#)

- Built a real-time animal species detection web app using a custom-trained YOLOv8 model on ~2,300 annotated images, identifying 19 species with 76.3% mAP@0.5
- Modernized codebase with Django's authentication system, secured environment variables, upgraded to Django 4.2 LTS

INTERNSHIPS

Full Stack Java Developer Intern | SkillDzire

May – Jun 2025

- Built full stack web applications using Core Java, JDBC, MySQL, and Spring Boot; implemented RESTful backend modules, MVC architecture, and CRUD operations

Web Development Intern | SmartBridge

Jul – Aug 2024

- Designed responsive, cross-browser UI components using HTML5, CSS3, and JavaScript with Flexbox/Grid layouts

EDUCATION

B.Tech in CSE | Chaitanya Engineering College, Visakhapatnam — CGPA: 8.03/10.0

2022 – 2026

Higher Secondary (12th) | Vaishnavi Junior College, Tuni — 84.2%

2020 – 2022

Secondary (10th) | Sunflower EM School, Payakaraopeta — 94.5%

2019 – 2020

CERTIFICATIONS

Full Stack Development (MERN) • Infosys Certified MEAN Stack Developer • Full Stack Java – SkillDzire • Oracle Cloud Infrastructure 2025

Certified GenAI Professional • Excel To Python Analytics – DevTown • Designing Scalable RAG Pipelines – Scaler

JavaScript – Microsoft Student Chapter, GNIT • JavaScript – Google Developer Groups (GDG) CSMU

ACHIEVEMENTS

- 24-Hour SEO-Friendly Website Hackathon – Ranked 13th out of 60+ teams across Visakhapatnam colleges (Mar 2025)
- Code Cracking Competition – Secured 2nd place in inter-department coding contest (Mar 2025)
